

REMARKS

The foregoing Claims Listing is being provided to correct any inconsistency that arose during previous filings with the USPTO in the above-reference application. Specifically, on March 25, 2005, Applicants filed an application under 37 C.F.R. 371 containing Claims 1-42. During the International Phase, new Claims 1-37 were submitted. Applicants then filed a Preliminary Amendment on March 25, 2005 canceling Claims 27-33. With this amendment Applicants are submitting a claim listing consistent with the Preliminary Amendment filed on March 25, 2005; wherein a proper status identifier is provided for each claim; and no new subject matter has been added. Reconsideration and withdrawal of the Notice of Non-compliant amendment are respectfully requested.

CONCLUSION

Applicants believe that the present application is now in condition for allowance. Favorable reconsideration of the application as amended is respectfully requested. The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Respectfully submitted,
